

Dear Remote Families,

We are so excited to welcome you to South School's Remote Academy! Below please find the supply list which contains personal school supplies for your child to have at home this year. If anyone is in need of assistance around supplies, please do not hesitate to reach out. In addition to supplies, it will be important to provide your child with a clean, distraction free table/space to work at during their remote learning time.

Please note that your teacher or specialists may reach out for other supplies as the year progresses.

Thank you and we look forward to a terrific year together!

-The Remote Learning Team
