

## Welcome Message

Dear APS families, faculty, and staff,

As I began my tenure as superintendent this summer, one of my priorities was to meet with as many in the Andover community as possible. I visited classrooms during summer school and spoke with our students and educators. I met with our administrators and school committee one-on-one and in group settings. I have held office hours, where I was able to hear from many different voices: families, students, educators and the Andover community. My goal was to listen and learn, to discover the culture at APS, and to see the district as others see it.

Through these conversations, I have been humbled by your steadfast efforts and dedication to equity and excellence for all APS students and the community. It is my hope that we can continue to build on Andover's academic success while accelerating growth and innovation for all students.

Over the coming months, I look forward to hearing about your experiences in the district and what makes Andover special to you. I firmly believe in servant leadership and believe that my role is to provide support systems to promote higher learning for our students and staff.

Sincerely,

A handwritten signature in black ink that reads "Magda Parvey".
