

# Middle School Improvement Plan 2023-2024

Doherty Middle School  
West Middle School  
Wood Hill Middle School

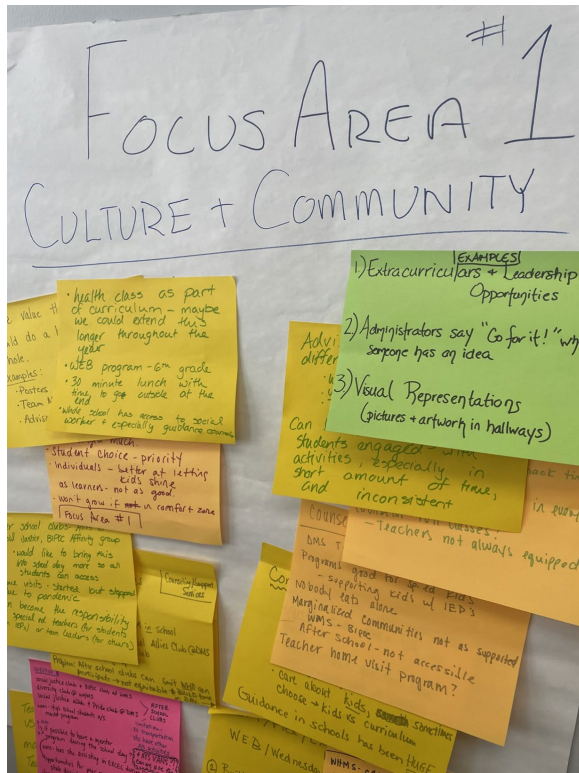

# Social Emotional Learning

- All middle school educators will engage in RULER professional learning.
- Create a common tier 1 approach to social emotional learning that is consistently implemented across all three middle schools.
- Through continuous professional learning, teachers will learn through the RULER approach, strategies to build a safe and emotionally validating classroom environment and school culture.
- Schools will incorporate the RULER structures into daily operations and building culture.

# New Middle School Schedule

By August 2024, Doherty, West and Wood Hill Middle Schools will implement a new middle school schedule that better meets the developmental and academic needs of our middle school students.

- Sharing updates with all stakeholders.
- Run schedule pilots in schools to identify gaps, areas needing adjustment.
- Create A schedule that supports student choice, interdisciplinary learning opportunities, and multi-tiered systems of support for students.

# Instructional Coaching

Establish a consistent, systematic vision for content focused coaching in all middle schools by the end of the 2023-2024 school year.

- Educators will see the value of collaborating with coaches as a way to create a culture of professional learning and collaboration.
- Increase curriculum cohesion within and across middle schools.
- Use student data to drive instructional practices.
