

# Andover High School Improvement Plan 2023-2024

June 1, 2023

# Strengthening the Instructional Core

AHS leadership will continue to increase student engagement by observing, supporting and documenting time and quality of student discourse.

Adapted from: David K. Cohen and Deborah Loewenberg Ball. *Instruction, Capacity, and Improvement*. (Philadelphia: Consortium for Policy Research in Education, 1999).

## BENCHMARKS

- Classroom Observation Data
- Vocal data at or above 44 and at or above somewhat favorable.
- Teacher participation and reflection on PD
- Building staff understanding of the instructional core.
- Create deeper connections to student needs driven by quantitative and qualitative data.

# Curriculum Alignment

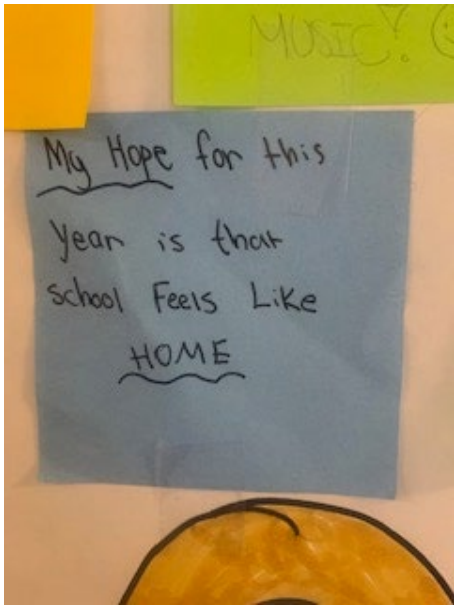

Align the course content horizontally and vertically to support a consistent and coherent curriculum.

## IMPROVEMENT BENCHMARKS

- Completion of course/grade level At-A-Glance and Scope & Sequence documents.
- Creation of units using Understanding by Design.
- Implementation of and alignment to course curriculum documents.

# Community Building/Student Mental Health and Wellbeing

Reinforce a community that focuses on the whole student, fostering a strong sense of belonging and overall wellness for all students.

## Benchmarks

- Educator participation in Professional Development.
- Implement and refine practices outlined by APS Multi Tier System of Support Playbook.
- Defined Vision of a Graduate
- Conduct an analysis of instructional practices and classroom observations that center on a sense of belonging.
